Minutes

Date:	14/03-2013
Time:	15.00
Venue:	Skype
Attendees:	**ITU** 1. Kristian Brink Gansted 2. Niels Liljedahl Christensen 3. Niclas Benjamin Tollstorff 4. Niels Roesen Abildgaard 5. Kristian Brink Gansted **SMU** 1. Tan Kah How Kelvin 2. Chong Wen Xiong Nick
Agenda:	1. Discussion about API changes to fit the needs of the Smu group. 2. Logo discussion 3. Next meeting

Agenda	Details	Done By	Due Date
1	The following changes were agreed upon • a DELETE users/{id} call was added • users/{id} – now returns a rank showing if the user is also admin • movies/{id}/rent must now specify how long time the rent will last for • users/{id}/movies and users/{id}/movies/current now returns an integer indicating wether the movie is available, -1 not available, 0 available forever (bought), a positive integer indicates for how long time the movie is available. Pagination on all returned calls	**All**	**-**

2	It was clarified that the ITU group has no say in what logo the SMU group chooses to use for the frontend of the application.		
3	The next meeting was agreed upon for tuesday the 19th of March		**19/3-2013**
